

Mental health resources to access from home

WHAT TO DO IF YOU OR SOMEONE ELSE IS IN CRISIS

What is a mental health crisis?

You, or someone you know, might be in crisis if:

- You are thinking of hurting yourself or suicide seems the only option
- Someone you know has made threats to hurt you or someone else.
- You are experiencing extreme distress that seems overwhelming.

Who can help in a mental health crisis?

Call 111 and press option 2 for the First Response Service - a 24-hour service for people in a mental health crisis. This service is for anyone, of any age, living in Cambridgeshire and Peterborough. Specially-trained mental health staff will speak to you and discuss with you your mental health care needs – instead of you having to go to accident and emergency departments of local acute hospitals.

If you are over the age of 16 you can access the Sanctuary in Cambridge or Peterborough - People in crisis across the whole of Cambridgeshire and Peterborough will be able to access Sanctuary support. Staffed by mental health charity Mind in Cambridgeshire, the Sanctuary offers people practical and emotional support between 6pm and 1am and is accessible by referral from the First Response Service.

Call your local GP if you are concerned about your mental health and you feel unable to cope.

Some websites and apps which may be helpful to cope with isolation, anxiety and stress are on the following pages.

Please do not suffer in silence and if you are struggling with your mental health and feel you need more help than the above websites can offer please call your GP or 111 option 2 if in crisis

Apps to help with mental health:

<https://www.nhs.uk/apps-library/> A website to find apps recommended by the NHS

<https://www.nhs.uk/apps-library/be-mindful/>

Be Mindful is an online course for reducing stress, depression and anxiety. It guides you through the elements of mindfulness-based cognitive therapy (MBCT).

<https://www.nhs.uk/apps-library/chill-panda/>

Learn to relax, manage your worries and improve your wellbeing with Chill Panda. The app measures your heart rate and suggests tasks to suit your state of mind. Tasks include simple breathing techniques and light exercises to take your mind off your worries.

<https://www.headspace.com/headspace-meditation-app>

Headspace: Mindfulness and meditation. There is a kids section.

<https://www.calm.com/>

Calm: Mindfulness and meditation. There are different age-specific sessions.

<https://www.nhs.uk/apps-library/calm-harm/>

CalmHarm: An app designed to help people resist or manage the urge to self-harm. Private and password protected

<https://safespot.org.uk/>

Safespot: A helpful app (and website) designed to help young people cope and manage stressful situations. Personalised coping plan.

<https://www.happi-me.info/>

HappiMe: HappiMe is a free app that helps to raise self-esteem, self-confidence and happiness levels in children and young people by teaching them about the power of thinking positively and how to choose a more helpful way of thinking.

<https://www.nhs.uk/apps-library/big-white-wall/>

Big White Wall is an online community for people who are stressed, anxious or feeling low. The service has an active forum with round-the-clock support from trained professionals. You can talk anonymously to other members and take part in group or one-to-one therapy with therapists.

<https://www.nhs.uk/apps-library/thrive/>

Thrive helps you prevent and manage stress, anxiety and related conditions. The game based app can be used to relax before a stressful situation or on a more regular basis to help you live a happier, more stress-free life.
